The eMagic of Learning and Teaching, how to keep on creating it together...

This network conference will be a conference for teachers by teachers focusing on sharing good examples of exciting usage of ICT for learning and teaching.

We hereby ask teachers, educators, developers and researchers to submit their ideas for innovative, magic workshops on using ICT in education.

Main Themes

- designing, planning and evaluation of Computer Supported Collaborative Learning (CSCL) and other innovative projects
- teachers' professional development in internationalisation, project-based learning and teaching, and ICT-usage
- exploration of electronic learning environments and advanced ICT-tools for collaborative learning and teaching

Main Activities

- debate and discuss relevant issues of lifelong teacher competence development with colleagues
- familiarise oneself with best practices and projects based on Collaborative Learning and Educational use of ICT
- take part in workshops for the implementation/follow-up of Computer Supported Collaborative Learning projects
- find partners for the development of collaborative projects
- attend presentations which contextualize and give a deep insight into both the technical and human challenges ICT-innovation of education and CSCL entail
- share experiences and exchange views with partners from other countries
- get acquainted with the latest developments in the field of interactive resources for teachers involved in innovative CSCL projects

...participate and mutually share the newest and most meaningful learning experiences with your colleagues from all over the world.

Contact and Teacher Training seminars

Seminars for teachers, who wish to start new transnational collaboration in the form of a Comenius project, to find partners, get to know them and discuss the future cooperation. The programme of the Contact and Teacher Training seminars starts one day earlier (March 8) with lectures based on Comenius3 ECOLE and COMP@CT work dedicated to the introduction of CSCL, eJournalism and eTwinning all with emphasis on creating and sustaining Comenius projects. The participants of the Contact and Teacher Training Seminar can play a fully-integrated role in the ESP conference that follows.

How to get funded

- As contact seminar under Comenius 1
 - Application for in-service training (Comenius 2.2)
- Normally applications have to be submitted two months prior to the seminar.

For more details contact your local Comenius agency!
